Our life-skill program aims to help our boarding students develop all the necessary skills needed to cope with the challenges of life. Throughout different stages of the life-skill program, students are trained in all the 10 AHHAS skills. Below you can see some of the main activities students go through throughout the 5 semesters of the boarding program.

**IT Skills**

**Subject #2 of the 2.5 Year Boarding Program**

Our IT or computer program is a uniquely designed program where students learn software and hardware functions. Having IT skills enables students to have better job opportunities in their future.

---

**Typing**

Students learn how to type with 10 fingers, using a finger-typing software, that follows a step by step procedure. Students start learning MS Office once they can pass the typing test.

**MS Office**

We teach students the 4 most commonly used Microsoft Office programs in today’s office environment: MS Word, MS Excel, MS PowerPoint, and MS Publisher. Students learn the tools and do exercises to develop their skills.

**Advanced IT**

In this course, students learn: [1] how to be efficient and effective on the internet, [2] how to install and uninstall software, and [3] advanced software programs for editing videos, photos, vectors and documents.

**Hardware**

Throughout this course, students gain insights into the physical parts of a computer. Their learning consists of disassembling and assembling a CPU, plus identifying and solving computer hardware problems.
