

IN-KIND DONATIONS

AHHA
Education
CAMBODIA

DIRECTOR'S NOTE

Thank you for considering joining us at AHHA Education in our mission to transform the lives of young people in Cambodia. Your partnership offers a unique opportunity to not only make an impact on the lives of students, but also to foster lasting change in a rapidly developing nation.

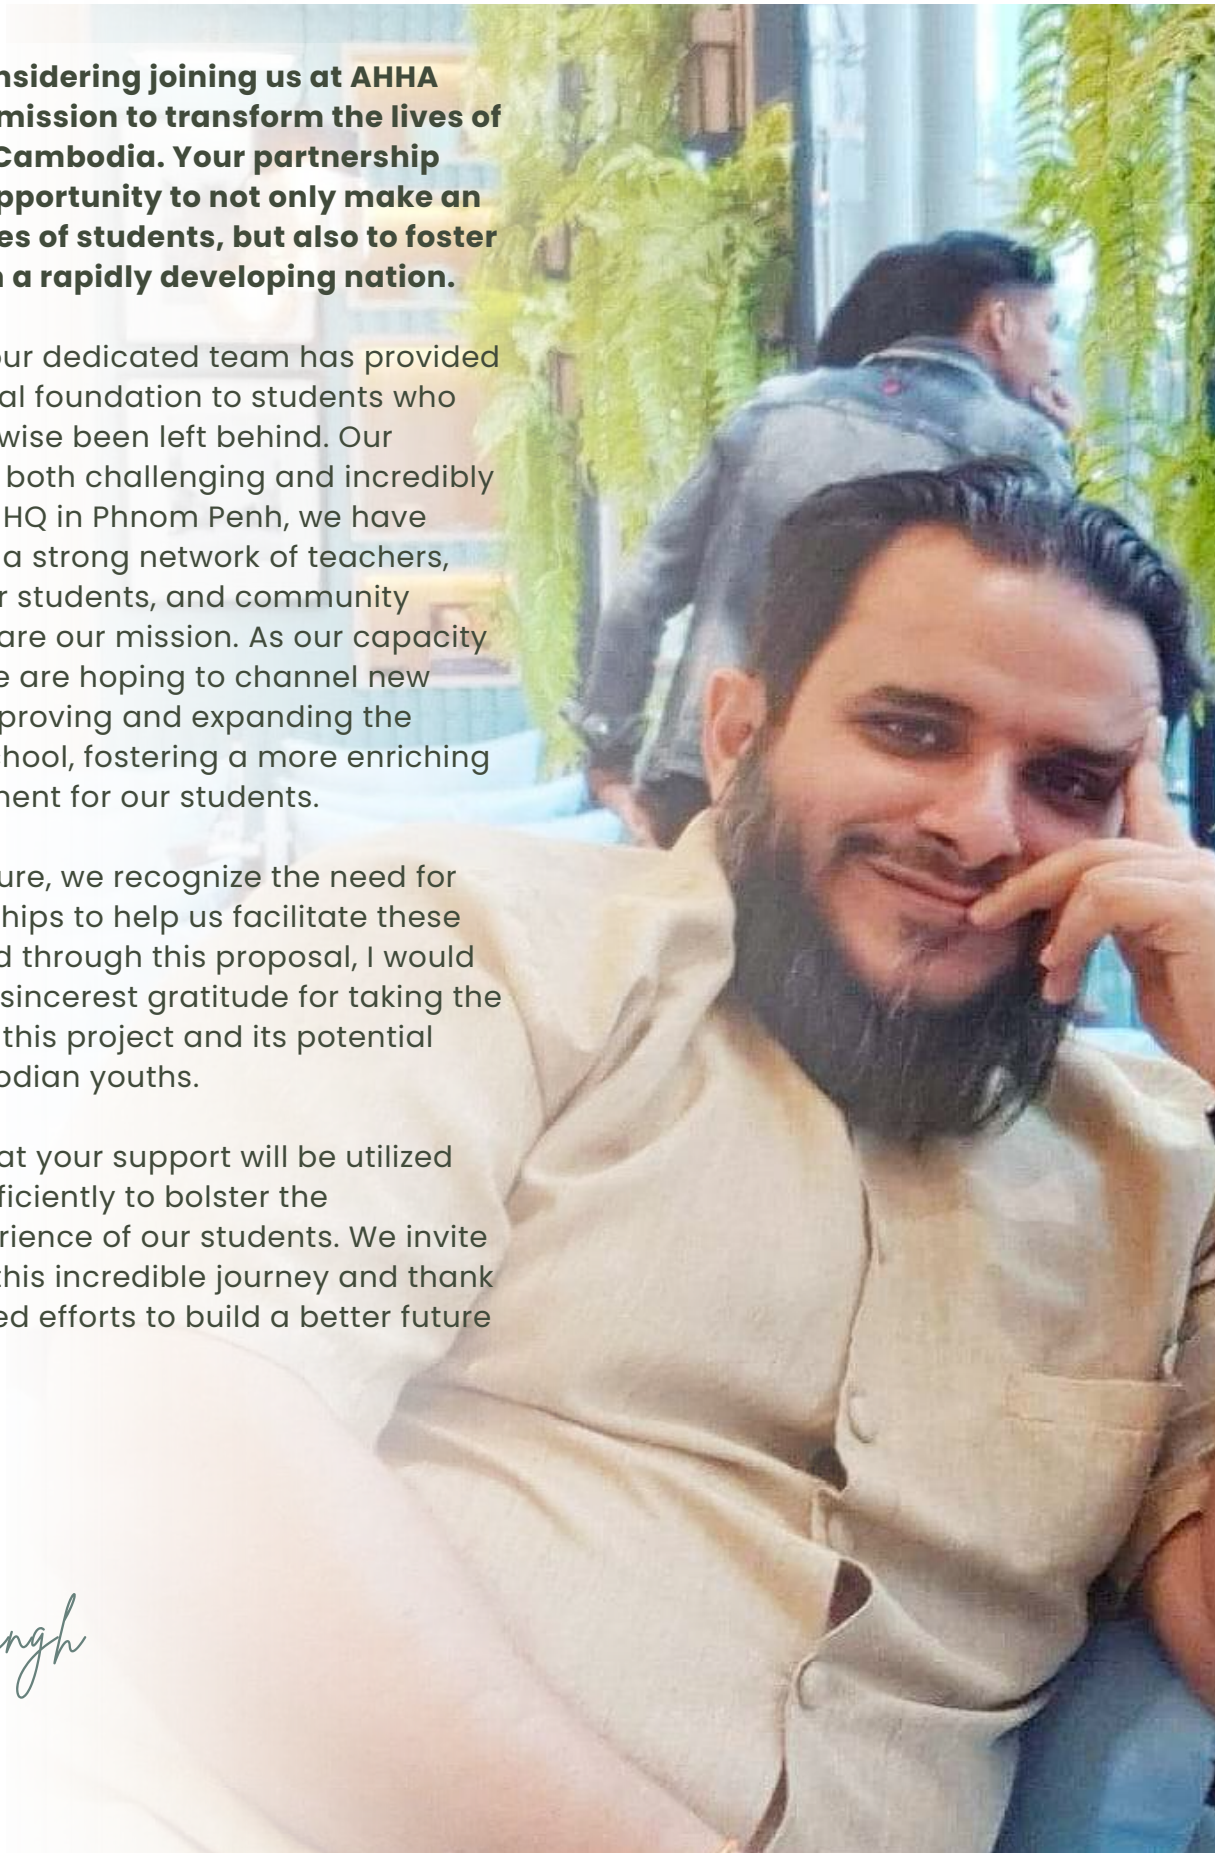

For many years, our dedicated team has provided a solid educational foundation to students who might have otherwise been left behind. Our journey has been both challenging and incredibly rewarding. At our HQ in Phnom Penh, we have successfully built a strong network of teachers, managers, former students, and community members who share our mission. As our capacity has grown, we are hoping to channel new resources into improving and expanding the facilities at our school, fostering a more enriching learning environment for our students.

Looking to the future, we recognize the need for invested partnerships to help us facilitate these goals. As you read through this proposal, I would like to extend my sincerest gratitude for taking the time to reflect on this project and its potential impact on Cambodian youths.

We assure you that your support will be utilized effectively and efficiently to bolster the educational experience of our students. We invite you to join us on this incredible journey and thank you for your shared efforts to build a better future for Cambodia.

Yours sincerely,

CD Singh

AHHA EDUCATION CAMBODIA

AHHA Education is a non-governmental organization founded by Dr. Madenjit Singh and his son, CD Singh. They were driven by a shared vision to provide comprehensive education to underprivileged youth and to empower young people to become change-makers in their own lives and communities. Established in 2000, AHHA Education now has over 50 **schools** in **Cambodia, Laos, Japan, and Timor-Leste**.

The Cambodian Branch of AHHA Education operates under the leadership of CD Singh, who has over 20 years of experience in non-profit education. Our local team is made up of more than 50 experienced teachers, administrators, and managers from Cambodia and Timor-Leste, as well as a cohort of international directors and volunteers.

AHHA Education empowers students through a range of **targeted educational programs**. Our main campus in Phnom Penh offers a transformative **20-month boarding program** in which underprivileged youths are taught English proficiency, IT literacy, socioemotional competency, and career development. Graduates obtain critical leadership skills, gain a professional networking community, and boast a 95% employment rate.

In addition to our main campus in Phnom Penh, we also have seven provincial centers across rural Cambodia. At all **eight** of our **centers**, we offer **daily community classes for all ages, focusing on English and IT skills**. Finally, our trained teachers travel to teach English in local public schools and Buddhist pagodas, fostering community engagement and social mobility.

The impact of AHHA Education Cambodia is substantial, impacting the lives of over 150,000 students over the past 20 years. Notable achievements include the **Global Development Network's Most Innovative Development Project** (2013-2014) and the **AYA (Asian Youth Ambassadors) Award** (2008).

OUR NGO FACES A CHALLENGE:

We allocate the majority of our funds towards providing affordable education for our students. This leaves little funding for our school facilities, many of which are over 12 years old. However, without adequate investment in our facilities, we risk compromising the quality of education we strive to provide.

OUR OBJECTIVE

In order for our students to have a more enriching and comfortable learning environment, **we are aiming to secure a variety of in-kind donations for our nonprofit campuses in Cambodia.**

Our NGO is deeply grateful towards donors who can help provide essential resources for our students. **Any contributions are welcome!** Explore the categories below to see how your in-kind donations can make an impact.

SCHOOL/OFFICE SUPPLIES

- Paper and stationery
- Glue, tape
- Scissors and staplers
- Writing supplies
